

# Evergreen™

Easy heat, Effortless comfort

## DURABLE

Stainless steel fire tube  
heat exchanger

## FLEXIBLE

24-zone capacity  
Floor standing/wall mount

## EASY

Control presets  
Accessible parts

\*Evergreen 399 rating is combustion efficiency

## ZONESTACKING

Enables all zone capabilities of each individual boiler when connected on a cascaded network of boilers. With the Evergreen boiler, the number of programmable zones is three times the number of boilers on the network, up to eight boilers.

# COMMERCIAL

Familiar interface - innovative technology

As our technology has advanced to create smoother, more efficient operations, we've kept the interface of the Evergreen boiler familiar, simple to use and easy to learn.

- For the residential and light commercial customer who requires a multiple boiler setup, the Evergreen provides **ZoneStacking** - 24 zone capability without an additional external 3rd party control.
- **ZoneStacking** reduces the installation costs and time while increasing reliability. With this advanced control feature, the Evergreen boiler maintains optimal efficiency through lead-lag rotation and balanced heat loading.

## EASE OF INSTALLATION

- Setup wizard efficiently guides the installer through a single or multiple boiler installation in minutes
- For the contractor, installer and/or service provider, the Evergreen has an easy to understand graphical user Interface and makes programming and monitoring operations simple
- Wiring diagrams provided are clear and easily accessible

## EASE OF USE

- Ability to control multiple boilers with lead-lag capability without an external device
- Interactive diagnostic capability
- Reliable operation
- Easy to understand and monitor controls
- Effortless heating and comfort in all zones

## EASE OF MAINTENANCE

- Large, accessible panels for quick and easy maintenance checks
- Interactive diagnostic capability provides a snapshot of the past and current operation parameters
- Reliable operation of the complete heating system including radiant elements
- Sentinel X100® inhibitor is included with the boiler to ensure the water chemistry is optimal for heating system efficiency
